German-Lithuanian Economic Forum

Monday, 31 May, 2021

A virtual business event to exchange ideas and to discuss cross-border opportunities

2021 is a special year for cooperation between Lithuania and Germany. This year the 30th anniversary of the renewed diplomatic relations between the two states is being marked. Moreover, [German-Baltic Chamber of Commerce](#) has been creating connections and building bridges between Germany and Lithuania for the last 25 years and marks its own anniversary.

At the backdrop of these two occasions, and to outline the path for future partnerships, German-Lithuanian Economic Forum is being held. The Forum aims to bring together Lithuanian and German politicians, businesses and academics, to engage in debating sustainability, digitization, real-time economy and gene therapy – the areas that dominate our policies and shape the future of our businesses.

Opportunity to make new connections is an important part of the event. The German-Lithuanian Economic Forum aims to provide with a network needed to encourage cross-border cooperation. Speaker line-up of the event includes top minds from both countries and is equipped to help to navigate businesses in the right direction with the most relevant partners.

This event is free of charge, however, advance registration is required.

Upon registration, within 3 business days, participants will receive a confirmation and sign-in instructions to the Forum's platform on *Brella* network.
